

GEOG 2750 Syllabus CHANGES effective March 2020:

March 17 (Tues): extended SPRING BREAK due to COVID-19

NO CLASS

- take care of yourself
- balance school and home responsibilities
- figure out how you are going to access class materials from here to end of the semester
- consider your options: extended drop deadline, possible pass/fail options, etc.

Moving forward you will note the following changes due to moving this course entirely online:

- Tues. lecture replaced with Monday videos available at 7a (they will be late the week of 3/23)
these will be 3-4 videos of ~10-20 minutes each will substitute for our usual Tues. class time
- Tues. attendance activity replaced with Mon. attendance quiz due on Wed. at 11p
these quizzes can be taken late, but it is best to keep up (note alt. format week of 3/23)
- Map Quiz #2 moved to last week of new semester schedule
- Final Exam date moved to May 1 (Fri)
formats for Map Quiz & Final TBD; probably a mix between take-home and online (timed)
- some other deadlines have shifted as well; read the following schedule carefully!
deadlines have been changed as appropriate on Carmen as well
- there will not be a revised Extra Credit handout, but deadlines are listed in new schedule;
additional opportunities will be announced on the Extra Credit discussion board;
extra credit is now capped at 90 rather than 75 points
- there will be new chapter-specific discussion boards on Carmen
be sure to use the appropriate discussion board when posting questions or comments
- no more in-person office hours; my office phone now re-routes to home so you can still reach me
at that number (740) 364-0643 or via email madsen.34@osu.edu ; if you have a general
question of class-wide interest, I encourage you to post it to one of the discussion board

These syllabus items will remain the same:

- Thurs. video still available 7a on Thursdays (although topics are generally moved back one week)
- Thurs. video quiz still due 11p on Fridays; it can be taken late, but it is best to keep up
- Mastering Activities are largely the same as before (with a few tweaks) and still due Sundays at 11p
late policy same as before: one week free, after that -2 per activity
