Hi Kim,

I realize I sent the wrong syllabus to you. Please delete the last message. The revised syllabus to end of semester is indicated below in the email I sent to my class on March 21.

Hi all,

The majority of you indicated that you prefer to read and comment rather than pursue the collaborative project, so we'll do that. Below is what I hope (!) is the final schedule to the end of the term. I've changed some things around and included a couple of thoughtful articles about coronavirus – the discussion question will ask you to relate them to issues of the neoliberal city. I've changed the discussion forum relative to the changes in the schedule.

Please let me know if you have any questions and please communicate if you are experiencing problems.

Best and stay well,

Nancy
