5/31/2016**

**Manuscripts
All year long!**

Applied Climatology * Business & Retail * Geospatial Science & Technology * Geog Edu
Environmental Studies * Medical Geography * Natural Hazards * Race & Ethnicity *
Water Resources & Environmental Policy * Military Geography * Census Geography

The Board of Directors of the
Applied Geography Conferences invites you to
participate at the 2016 conference in **Louisville, Kentucky**.

For over three decades, the Applied Geography Conferences have provided a forum for the exchange and critique of ideas related to the application of geographic concepts, analytical techniques, data and methods. The conference brings together practitioners, academics, and other professionals who seek geographic solutions and explanations to societal problems.

Papers presented at the conference are eligible to be submitted for review for possible publication in the conference journal, *Papers in Applied Geography*. All papers submitted for publication will go through a rigorous **double blind review process**. In addition to paper sessions, the conference also features panel discussions, exhibits, poster presentations, field trips, & special events.

Galt House Hotel - \$129/night
140 North Fourth Street, Louisville, KY 40202 -- (800) 626-1814

Conference Registration

Submission of abstracts for papers or posters must be made to the Applied Geography Conference Board of Directors by **May 31st, 2016**. Please choose **Abstract Only** when submit online at
<http://mc.manuscriptcentral.com/rpag>.

Presentation title, 250-word abstract, AV needs, or titles of organized sessions can be submitted to: Jay Lee, Dept of Geography, Kent State University, Kent, OH 44242-0001.
email: jlee@kent.edu.

Student Paper/Poster Competitions

The Applied Geography Conference is pleased to announce a Student Paper Competition and a Student Poster Competition. Students presentations in the form of either papers or posters emphasizing the application of empirically based research to human and environmental problem-solving will be the focus of the competition.
