Job Title
Spring 2017 Co-op/Internship Design & Construction - GIS

Company
Norfolk Southern is one of the nation’s premier transportation companies specializing in freight railroading. We operate approximately 21,000 route miles in 22 states and the District of Columbia, serve every major container port in the eastern United States, and provide efficient connections to other rail carriers. Norfolk Southern has the most extensive intermodal network in the East and is a major transporter of coal and industrial products.

We are a team of more than 28,000 employees working together to maintain our reputation as "The Thoroughbred of Transportation". As an industry leader, Norfolk Southern offers a competitive salary and an excellent benefits package. We are proud to be an EEO/AA employer M/F/Disability/Veteran.

Job Description
GIS emphasis / Design & Construction Co-op Opportunity

Job Description: Historically we have hired co-ops to perform civil engineering tasks such as civil surveying and design. The work required extensive travel across 22 states in the eastern half of the US. Although this function is still a possibility as the need arises, the co-op position we are currently hiring for will be geared toward web and desktop development in a Geographical Information Systems Environment. You will also be rectifying database information with the latest GIS data. In addition to standard web development tools, we use LIDAR, ESRI Geographical Information Systems software, including ArcIMS, ArcInfo, Arcview, and CADD software including Microstation and AutoCadd.

Prefer: Freshman or Sophomore Computer Science or Information Technology candidates with at least a 2.7/4.0 GPA overall; 2.7/4.0 in major. Salary for this full-time position depends on class level at the time of employment.

CoOp/Intern Salary:
Freshman $2,500
Sophomore $2,800
Junior $3,000
Senior $3,300  
Graduate Student $3,666  

Work Location: Atlanta, GA  

Hours: Monday through Friday; generally 7:00 AM to 4:00 PM, but may vary  

Reports To: David R. Garner – Utility Engineer  

*Work Location*  
GA-Atlanta
