University of Waterloo

Department of Geography and Environmental Management

Tenure track Assistant/Associate Professor and Assistant Professor in Economic Geography

The Department of Geography and Environmental Management in the Faculty of Environment at the University of Waterloo is seeking exceptional scholars for two tenure track positions in economic geography, one at the rank of Assistant or Associate Professor, and the other at the rank of Assistant Professor. The anticipated start date for both positions is **July 1, 2016**.

Successful candidates must have a Ph.D. related to human geography and a proven research record in one or more of the following areas related to economic geography: innovation, entrepreneurship, and technological change; mobilities and flows of knowledge, goods, and labour; digital and/or creative economies; global/local production networks; emerging economies in the global south; transitions to low carbon economies; or quantitative economic modelling and spatial analysis. Duties include research, teaching at the undergraduate and graduate levels in human and economic geography, and the advising of graduate students. The salary range for the position at the rank of assistant professor is \$76,000 to \$95,000; for the position at the rank of associate professor, the salary range is \$96,000 to \$120,000. Actual salary will be dependent upon qualifications and experience.

The closing date for applications is **January 8, 2016**. Applications must include a curriculum vitae, cover letter, a statement of research interests and career objectives, an outline of the applicant's approach to teaching, and up to three sample publications. Applicants must also include the names (with contact information) of four referees. Referees will be contacted for those included in a short list after an initial review of applications. The appointment is subject to budgetary approval.

Applications should be addressed to:

Chair, Economic Geography Search Committee
Department of Geography & Environmental Management
Faculty of Environment
University of Waterloo
Waterloo, ON, N2L 3G1

All applications should be submitted in digital format to the email address shown below. Enquiries regarding these positions are welcome, and may also be submitted to:
gemchair@uwaterloo.ca

The Department of Geography and Environmental Management has a strong reputation for teaching and research in earth systems science, geomatics, resource management, and human geography. These positions will add strength and new research initiatives to the human geography cluster. Currently ranked 48th globally (QS rankings) in geography, the
